'Mental Health Issues in Children Due To Attachment/Trauma' Conference

March 3rd & 4th, 2017

Hosted by Mariposas Project and MP Health

ABOUT THE SPEAKER: NANCY THOMAS

**Author, Educator,
World Renowned
Speaker**

As a Professional Therapeutic Parent, Nancy has worked tirelessly to improve the lives of children in tens of thousands of homes in the US and internationally. Their words speak volumes about the results they have gotten from the research-backed, proven tools that Nancy teaches.

Nancy Thomas is not a doctor, psychiatrist or therapist. She is an amazing mom who has, through years of search, study and experience, found solutions to parenting challenging children. She has one of the highest success rates (85%) in the country turning violent children around. Her program is acclaimed for helping many types of emotional disorders, including Reactive Attachment Disorder (RAD), Early Childhood Trauma, Asperger's Syndrome (AS), Oppositional Defiant Disorder (ODD), PTSD and Bipolar Disorder. Many of her contemporaries have recognized her for her valiant and dedicated efforts specializing in attachment and conscience development with violent children.

Nancy also gives back to the worldwide community
